

19 Main Street, Bridgewater on Loddon

\$170,000

Great Little Renovator

This great little dwelling is on the main road through Bridgewater diagonal across the Road from the Famous Bridge water Bakery, only a very short walk to the Loddon River.

It has a character facade and the front of the building is in good condition, but the rear does need a lot of work, in the front area it does have a beautiful Red Gum Bench top. There is a cool room in working condition and all services are connected. It's a historic building with lots of charm with the front main room having pressed tin ceilings and walls.
